

Information shared with Chilchinbeto Community School in regards to the Plan 6 Information shared on the school website.

Hello,

Regarding the message below and the attached form Opposing Plan 6, we need to collect completed forms as much as we can from our staff, parents, and community members. This is serious, we do not want to lose our local control. If plan 6 is a go, we will have 1 school board who will be from one of the following communities: Chilchinbeto, Dennehotso, Kayenta, and Navajo Mountain and he/she will be servicing all those schools. That is what Plan 6 will be for Chilchinbeto Community School, Inc. (CCSI). We need everyone's input to oppose Plan 6. The forms can be completed and turned in to CCSI by at least September 20th so we have time to deliver to Dine' Grant Schools Association (DGSA) before September 23rd.

School Board Apportionment Plan (Plan 6) Written Comment

I **strongly oppose** the School Board Apportionment Plan (Plan 6) that will severely change the current school boards serving each school in our communities. We want to keep our locally elected school board members for each of our Bureau-funded schools as is.

I oppose Plan 6 for some of the following reasons:

- a. Plan 6 will not allow parents, grandparents, and guardians to work closely with the school board in communicating the needs of our students and working together to attain academic achievement for our children.
- b. Plan 6 is a drastic change that will negatively impact school operations that will jeopardize our children's educational services in many ways, currently there are no serious issues with the schools, so why make this change?
- c. Plan 6 will cause a serious disruption to all the Bureau-funded schools' operation of education services, employment of our people, and funding issues. We recall when the Navajo Nation took over Head Start as a result, the education services were negatively impacted and unfortunately to this day, Head Start is still in sad shape not operating effectively to provide the foundational services to our children. We do not want the same thing to happen to our Bureau-funded schools.
- d. During the February 2020 Public Hearings, many of us provided comments and we did **NOT support Plan 6**, it was an insult to us parents, grandparents, and guardians when the Health, Education, and Human Services Committee (HEHSC) ignored our wishes and approved Plan 6.
- e. We respectfully remind the HEHS Committee to actively listen to us and have the integrity to carry out your duties as elected Council Delegates and truly represent us and do not ignore our opposition to Plan 6. HEHSC must withdraw Plan 6! Thank you.
